Professional Profile

A flexible, diligent professional who strives to meet or surpass a company's standards in order to provide high-quality software solutions. Experienced in Java, JavaScript, Swift, SQL, Go, and Python. An effective listener who can convey technical knowledge in an intelligible manner.

Work Experience

Senior Software Developer

Cadence Technologies • Full-Time

Oct 2019 – Present

Based in Phoenix, Arizona, USA.

The role involves overseeing software solutions for enterprise clients, identifying automation opportunities, and managing a team of over 15 developers and engineers. This includes reducing labor hours and improving project timelines.

Software Developer

Ark Tech Solutions Inc. • Contract

Jun 2018 – Nov 2018

San Diego, CA

Collaborated with developers to create a Python mobile app for recruiters, resulting in over 3 million downloads and a 30% increase in user engagement and satisfaction.

Junior Software Developer

Doc Stock Inc. • Contract

Jun 2016 – Jun 2017

San Francisco, CA

Identify new features and enhance user experience for over 100,000 internal users, attending daily Scrum meetings to review project progress and ensure milestones are consistently met.
